They have worked incredibly hard to achieve their success and the rewards are fully deserved. We will miss them as a year group as they have contributed so much to the school. However, we wish them very well for their futures, whether that be at university, during their year of travelling or those entering the world of work. I am sure they will all go on to do great things. I should also like to express my gratitude to our tremendous staff who have helped students to achieve so well. They also have reason to celebrate and deserve a great deal of praise today for these stunning achievements”.
