Dear parent/carer,

**Re: Marion Centre Review Survey**

Since the first students joined The Marion Centre in 2009, we have been immensely proud of both the numerous individual achievements of the students and the talent, hard work and commitment of our dedicated team of staff. However, we do not wish to be complacent and are always looking for ways to improve the quality of learning and life experiences that the students in The Marion Centre receive.

In the summer we will celebrate the graduation of the first cohort of students and see this as an ideal opportunity to undertake a thorough review of the provision. A joint review is planned, together with the local authority, to assess the quality of learning and teaching, the impact of the curriculum on offer to students as well as the relationship the centre has with mainstream learning.

To help with this review, we are seeking the views of parents/carers, students and staff to ensure we can further improve the centre and provide our students with the best possible experience. As part of The Marion Centre review we should like to invite everyone to complete a short survey, via SurveyMonkey, to gather both positive feedback and ideas about areas for improvement. You may find the quick survey via the following link [https://www.surveymonkey.co.uk/r/YXZCZZZ](https://www.surveymonkey.co.uk/r/YXZCZZZ)

The comments from the survey are anonymous. This is designed to ensure views are open and honest. However, if you have a particular query or thoughts about The Marion Centre, or the review process itself, we would welcome a conversation with you. We would be grateful if you could complete the SurveyMonkey by **Monday 6th February 2017**.

Thank you in advance for your support. We hope the review will enable us to continue in our aim to deliver an outstanding education to all the students in our care. Naturally, we will update you with progress from the review as it becomes available.

Yours sincerely,

Sarah Parry
Deputy Head
